Get the Ad–Reading Habit

Dr. Julian H. Pentecost

Baptist Leader To Speak

Dr. Julian H. Pentecost, editor of The Religious Herald, the State paper for Virginia Baptist, will be guest speaker at Liberty Baptist Church this Sunday, January 9. Dr. Pentecost is a native of Lawrenceville, and attended the University of Richmond. He has served churches in Buena Vista, Waynesboro, and Richmond. He has served in his present capacity since May, 1970. He is a former president of the

Liberty To Show Film Jan. 12

The new 35- minute full color motion picture, "To Russia With Love," is an Underground Evangelism production. It graphically portrays life for many thousands of Christians in communist lands today. Many of the shots were filmed inside Russia and give eloquent testimony to the fact that hunger for the Word of God is very real in that land of multiple closed churches.

Rev. L. Joe Bass, director of the missionary organization Underground Evangelism, says, "This film was one of the most difficult projects we have ever undertaken. In our first attempt to put it together we ran into a number of problems. The second was highly successful, and today we are justifiably proud of the picture. Premiere performances across the nation have resulted in a high degree of interest among viewing audiences and much praise from the critics."

Mr. Bass adds: "We sent a professional photographer, with minimum equipment, into Russia to get the necessary shots. For the sight of much professional camera equipment would be enough to put the KGB on a foreign photographer's trail 24 hours of each day. He was able to lose himself among the vast crowd of tourists and go on his way unchallenged and unmolested. The result was some of the finest behind-the-scenes shots we have ever seen."

The public is cordially invited to view this exciting and informative film to be shown at Liberty Baptist Church on Wednesday, January 12, at 7:30 p.m. There is no admission charge.

WATERSHED

Cont'd from Page 1

Conservation Districts have set up a public meeting Jan. 11, 7:30 p.m. in the Farmville Courtroom. If local interest warrants, a watershed association would be formed and application made for a watershed project.

Most watershed projects from now on must have one or more reservoirs for beneficial use other than floodwater storage. During the planning stages, the county, the Game Commission, or others would have an opportunity to enlarge the lakes for municipal water or recreation. The normal pool built by the Soil Conservation Service is designed to store 50 years of sediment in a single purpose reservoir and 100 years sediment in a multi-purpose reservoir. Cost of enlarging the lake for recreation or municipal water is borne by those participating in the development.

Bush River in Prince Edward County is a good example of a multi-purpose project. Here the lake is being planned for flood control and recreation. Cost of the lake will be shared by SCS and the Va. Commission of Game and Inland Fisheries, Amherst County has purchased all of the land for four multi-purpose lakes in the Buffalo River watershed.

NEW HISTORIAN

Cont'd from Page 1

torian will probably smile and say, "Call me Ken." He and his father are the only two "Apshnikat" families in the United States. It is a Lithuanian name.

Mr. Apschnikat has found an interesting connection with the War Between the States. His aunt, Mrs. Kathryn Majors Burke, had a grandfather who was with Lee when he surrendered at Appomattox. One of his first personal assignments probably will be to check on that distant relative in one of the bound volumes at the National Park here which lists all the Confederates who were in Appomattox on April 9, 1865.

Some voters during the year just passed were moved to new voting precincts and there were several changes in appointive offices because of redistricting of magisterial districts within the county. The number (3) and names (Cloverhill, Southside and Stonewall) stayed the same.

In May of 1971 J. A. Smith was re-elected president of the Appomattox County Development Corporation, an organization less than two years old but an important group seeking to entice industry to the county.

Many fine citizens passed away during the year, notable among them, Mrs. Mozella Jordan Price, county educator, for whom Carver-Price school was named.

Appomattox County Rescue Squad set out to raise $10,000 for operating expenses and more than surpassed that amount. Concord Rescue Squad was established and Gladstone Rescue Squad and Concord conducted fund drives successfully. The Appomattox County Rescue Squad added a third vehicle to its fleet, result of the previous year's successful fund drive.

Forum Topic

On Tuesday, January 11, at 8:00 p.m., at the Virginia Baptist Hospital Auditorium, the Piedmont Heart Association will present a free public forum on "Medical Emergencies In The Home".

There will be a panel, chaired by Dr. Ernest G. Scott, consisting of Dr. William H. Barney, Dr. John Wyatt Davis, Jr., Dr. Edwin A. Harper and Mr. Kimball Glass of the Lynchburg Life Saving and Rescue Squad. There will be a discussion of what to do after you call the doctor, detailing various symptoms such as fainting, chest pain, shock and others. There will be a question and answer period following the discussion.

The evening should prove to be quite educational for all who might face a medical emergency in the home.

PAMPLIN

The Rev. and Mrs. Wilbur Maxwell of York, S. C. are visiting his parents, Mr. and Mrs. Graydon Maxwell.

1971 Rainfall Above Normal

End of the year weather reports show that rainfall in the county of Appomattox was 12.85 inches for the normal rainfall expected. Normal for the year would have been 40.65 inches. Last year Appomattox had 53.–50inches.

A record-breaking heat wave during December of 1971 caused the year to bow out with much warmer temperatures than the first days of 1971 which saw the aftermath of a nine inch snowfall on New Year's Eve.
